

Glen Rock Public Library Welcomes New Director Ellen O'Keefe

The Board of Trustees of the Glen Rock Public Library is pleased to announce the appointment of Ellen O'Keefe as the new Library Director.

A longtime professional librarian, Ellen was previously the director of the Northvale Public Library, where she successfully led the library back to good health after a budgetary crisis shuttered its doors for four years. Before that she was department head for both children's and adult services at the Ramsey Public Library.

Originally from Ridgewood, Ellen is happy to return to this part of Bergen County and to lead the Glen Rock Public Library into an exciting future.
